**(B) Associate Teacher Comments:**

Strengths	Areas of Improvement
Matthew has had a really good placement. He creates excellent 3 part lesson plans and delivers them with ease. Matthew has become more comfortable in front of the class and has developed a strong rapport with the students. His integration of technology has been really impressive and the students loved it. He creates meaningful assessments and is timely with his response. His classroom management skills have improved and he is understanding more every day on how to handle in class situations. He works very well with other staff members and has assisted me in student success. He is very accepting of constructive criticism and has made steady improvement throughout this placement.	Matthew is learning and has made major strides during this placement in terms of classroom management. Matthew will continue to work on his skills and find his best approach to working with kids. This needs to come with time and experience as he moves further in his career. A very strong first time in class for Matthew.
