

Teamwork Task!

Survival Scenario: You and your five closest friends won a week-long cruise in the Pacific Ocean as part of a radio contest! You all boarded the S.S. Super Clipper for a relaxing luxury cruise when you encountered a bad storm, and the ship partially sank—in the morning, only the top was still visible off the north tip of the island you now found yourself stranded on. The storm basically ruined most things on board, leaving very few useful items and you are all now stranded on an uninhabited island in the middle of the Pacific Ocean. Your task is to choose the 12 most useful items to help you survive on this deserted island.

1. First, write a list of 12 items on the back of this sheet of paper that you would individually like to have on hand to survive on the island. You have **3 minutes** to make your list of twelve items!
2. Next, work with your team (4-5 people around you) to create a master list of items to choose from. You all **MUST** agree on the final list. Be sure to take into account all of your peers' ideas. You have **5 minutes** to make the final list!

Use the teamwork strategies listed below:

- a. **Active Listening** - Don't just listen with your ears. Think about what is being said.
- b. **Respect** - Everyone's opinion is valid. Be kind and work together.
- c. **Verbal and Nonverbal Communication** - The goal is to communicate your ideas and understand the ideas of others, using any communication necessary. Body language is an important tool in communicating with others.
- d. **Encouragement** - Support your peers as they share ideas, in order to create a positive environment.
- e. **Acknowledgement** - Celebrate good ideas from all of your peers.

Use the chart provided on the back to create each list!
